

Plant Performance Learning Services

Workshop Objectives:

- Learn the features, functions and benefits that accompany a specific pump
- Learn about the hydraulic curve for a particular pump
- Learn the different options available for a Goulds pump
- Learn about materials of construction and modular interchangeability for a specific pump

What's Included:

- An overview of specific pump model(s)
- Expert facilitators with 30+ years' experience in pump operation
- State-of-the-art training materials
- Interactive classroom environment enhancing knowledge retention and application
- Lunch time roundtable discussion with trainers
- Networking Opportunities

Goulds Pumps Model Specific Overviews – 1 Hour (Each)

Who Should Attend?

These one-hour sessions are designed for anyone interested in learning about a particular Goulds model centrifugal pump.

What you will learn:

Participants will learn about the design, typical applications, markets, features, functions and benefits of a particular Goulds pump. They will also review the hydraulic curve for the pump and learn about the various options available, the pump's materials of construction and modular interchangeability. Available modules include:

- 3171 Vertical Product Family
- 3175 Paper Stock Process Pump
- 3180 Heavy-Duty Large End Suction Process Pump
- ANSI Process Pumps / 3196 i-FRAME (3196 iFrame, LF 3196, CF 3196, HT 3196, 3996, 3796)
- 3296 EZ Mag
- 3298 Magnetic Drive / Non Metallic Product Family (3298, SP 3298, V 3298, 3299)
- Multistage Pumps/3300 Product Family (3311, 3316, 3335, 3355, 3393, 3935)
- Double Suction 3400 Series (3400, 3408A, 3409, 3410, 3420, 3498)
- 3600 Large API Compliant Pump
- 3610 Large API Compliant Pump
- 3620 Large API Compliant Pump
- 3640 Large API Compliant Pump
- 3700 Single-Stage, Overhung Process Pump
- In-line Vertical Pump Family (3900, 3910, 3996)
- 5500 Slurry Product Family
- HS Product Family (HS, HSU, HSD, VHS)
- JC Product Family (JC, JCU, VJC)
- RX Heavy Duty Slurry Pump
- SRL Rubber Lined Slurry Pumps (SRL, SRL-C, SRL-XT)
- Condensate Pumps (VIT)
- VIT, VIC & VIS Vertical Product Family
- Vertical Cantilever Pump Family Goulds Model (VJC, VHS)
- VRS Product Family (VRS, VHS, VJC)

Note: If a particular pump model is not listed as available, we will develop a new module.

Prerequisites:

- None

For Information:

- Open training classes, visit www.ittps.com/learning.html or call 315-568-7548 (Note: Open classes include breakfast and lunch. Company group discount of 30% is awarded for 3 or more registrants.)
- Private or tailored offerings, call 800-734-7867
